

Dear Subject Matter Expert,

I am excited to announce that on January 1, our Small/Medium Business University program will begin the 2019 curriculum year of our 30-session professional development series.

This series of 90-minute educational workshops for members and their employees will include topics related to business development, communication, customer experience, finance, HR, leadership skills, legal issues, marketing/branding and strategy. Once again, we will be offering these workshops as a complimentary benefit to our members.

We are currently looking for the very best subject matter experts in our market to develop and lead these 90-minute, interactive workshops. Because we want to support and promote our members, they must be members in good standing with the Greater Brandon Chamber of Commerce. Toward this end, we are currently accepting applications from subject matter experts in our chamber that are looking to gain exposure as an expert in their field while helping to build their fellow members.

If you would like to be considered, please complete the attached application and submit it to membership@brandonchamber.com by Friday, December 7, 2018.

If I can answer questions, or help you in any way, please call me directly.

Sincerely,

Rick Lewis
President/CEO
